

PERFORMANCE<sup>+</sup>

# YOUR EXPERT-LED PRODUCTIVITY PROGRAM

## UNLOCK HIDDEN PERFORMANCE. GUARANTEED.

ANCA Performance+ is a premium consultancy program designed to maximize the efficiency of your production. Starting with a personalized evaluation of your manufacturing processes - including setup, cycle time, and your goals - our experts deliver a clear set of recommendations, followed by hands-on implementation and operator training.

With ANCA Performance+, you're guaranteed measurable results - including **at least 10% cycle time reduction** when our guidance is followed.

**ANCA**

## ARE YOU GETTING THE MAXIMUM PERFORMANCE FROM YOUR MACHINES?

Even the best machines often run below their full potential:

- + Cycle times slow throughput and profitability
- + Varying operator techniques can create inconsistencies
- + Wheels, coolant, or programs are not always optimized

Small inefficiencies add up – costing you time, money, and capacity every year.

### THE ANCA PERFORMANCE+ APPROACH

This productivity partnership is a structured, results-driven program that delivers:

- 1 Discovery & Evaluation – Qualification, goal assessment and audit of your processes
- 2 Professional Recommendations – Report with ROI insights tailored to your machines and goals
- 3 Implementation & Training – Hands-on upgrades and operator upskilling
- 4 Performance Guarantee – Minimum 10% cycle time improvement

### WHY CHOOSE ANCA PERFORMANCE+?

- + Guaranteed minimum of 10% cycle time improvements
- + Proven, measurable, and risk-free
- + Combines ANCA expertise, optimized processes, and operator training tailored to your needs
- + Builds long-term productivity and competitive advantage
- + Faster ROI on your ANCA investments and increased profitability

## RESULTS IN ACTION

Our customers have already realized these performance improvements:

Optimization software =

25%

cycle time reduction

Latest software + Optimization + Process Improvements =

30%

cycle time reduction

Hybrid wheel + Optimization + Process Refinements =

35%

cycle time reduction

“We never realized how much we could save with simple changes. ANCA’s team made it happen.”

### GO FROM INSIGHT TO IMPACT

Implement this personalised full-spectrum service for guaranteed results with cycle time reductions and measurable productivity improvements.
